summit shoutouts

rush salon

location: calgary
owner: ali halat
ig: @rushsalonnyyc

what's your fave part about the hair and beauty industry?

the friendships and bonds you build over the years in the salon, plus watching stylists grow and find success in the industry.

if you could only take one beauty product along with you on a night out, what would it be?

rush unanimously voted redken brushable hairspray (formerly fashion works) it has the right amount of hold and smells great!

what's one quote that you love?

friends come and go but a good hairstylist is forever.
- anonymous

if your salon was an alcoholic beverage, what would it be and why?

a spicy margarita: classic with a little hint of spice and kick!
