the summit social

happy new year, yah beautiful legends. 2025 was huge, and it only happened because of you—our salon, spa, and beauty partners who show up, stay weird, and trust summit to ride alongside you. we're endlessly grateful. truly, you're the reason we do what we do (and why it works).

2026 energy? dump coconut oil over your head. rub sage on your body. spend \$85 on a healing crystal. meet someone new on hinge. eat a himalayan salt lamp so you can glow from the inside out. set goals. self-care. or don't. you're going to crush it anyway.

win a pink ticket

it's our second inaugural pink ticket extravaganza. winning tickets will appear in random orders the week of jan 19th. prizes ranging from top sellers, in-salon educ., to receiving your whole order free (wee!) think charlie and the chocolate factory) but with a heck of a lot more than 5 tickets sprinkled throughout the prairies. we had so much fun last year we are extending the party to all of our boutique locations, and don't forget about our e-boutique. follow along on ig to see our very own oopmpa-loompas pack your pink-ticket-filled-orders. oh and tag us in your winning photos.

built on 22 years of friendship, our space was designed with intention, creating an elevated experience for clients and a supportive environment for our team.

what's your fave part about the beauty industry?

transformations. not just hair, but confidence. we love watching someone sit down as one version of themselves and leave feeling like *that girl*. the connection, the trust, and the magic that happens in the chair never gets old.

if you could only take one product along with you on a night out, what would it be?

dry shampoo.
volume, texture, confidence .
it's basically a personality trait at this point.

what's one quote that you love?

"life is short. keep your dreams big, and your hair bigger"

if your salon was a beverage, what would it be... and why!?

a craft cocktail.
not thrown together- curated, intentional, and worth the wait.
