manestreet hair
location: saskatoon
owner: megan grylls
@manestreet_hair
@megan_manestreethair
manestreet_Hair
manestreethair.ca

manestreet hair is celebrating a mega milestone – 45 years of top-notch services and beautiful people – inside and out. we love a good family-owned fairytale and that’s why we were so happy when megan bought the salon from her parents, don and doris, after growing up (and then working in) the beauty industry. from generations of skillful stylists and happily-haired clients, one of the things we love most about manestreet is their commitment to their community and the charitable initiatives near and dear to their hearts. cheers to 45 (and many more) years of manestreet.

what’s your fave part about the hair and beauty industry?

i get to connect with people every day and help grow my business, team and client relationships. < 3

if you could only take one beauty product along with you on a night out, what would it be?

the youngblood pomelo cream stick!

what’s one quote that you love?

“we cannot direct the wind, but we can adjust the sails.” – dolly parton

if your salon was an alcoholic beverage, what would it be and why?

a radiant red sangria: made with bold red malbec wine as the base, mixed with fresh orange, berries, and apples for an inner beauty boost; a splash of citrus liqueur or hint of cinnamon syrup for a touch of creativity and innovation. served over ice in a large wine glass, garnished with a slice of orange and a sprig of fresh mint for an extra dash of confidence and sophistication.

Spa summit shoutout

riverside spa

location: calgary

owner: will ast

ig: @riversidespayyc

"i was asked questions about the spa and the beauty industry, but the fabric of riverside spa is the people who work here; so instead, i asked them the questions. here are their answers, a few photos of them, and what represents us."

- will ast

what's your fave part about the hair and beauty industry?

it's actually much deeper than beauty: it's about creating confidence, self esteem and taking care of who you are. it's about the connection to another and to self - sharing something that makes me feel good, with the intention of making my guest feel taken care of.

- nicole, lead esthetician and assistant spa director (11 years with riverside)

if you could only take one beauty product along with you on a night out, what would it be?

red lipstick, obviously!

-courtney, rmt (11 years with riverside)

what's one quote that you love?

"you only live once, but if you do it right once is enough!"

- rae-anne, spa attendant (15 years with riverside)

if your salon was an alcoholic beverage, what would it be and why?

before moving from the ukraine, i had never experienced a relaxing spa day, or heard of a mimosa (a drink that is common here on weekends.) to me it is the perfect combination of prosecco, which is now my first choice for celebration or to unwind (along with a teeny bit of fresh orange juice, to bring a pop of colour and just the right amount of sweetness). whether you are coming to celebrate with your girlfriends, or want a moment of peace and quiet, riverside is like a mimosa: a moment of joy with a little bit of sparkle.

- katia, guest services (2 years with riverside)
