happy birthday givesum

cheers to an entire year of our community initiative, givesum! basically we're rotating between charities across the provinces we operate in, to support a variety of causes near and dear to us. this sep + oct will be the second time we will be partnering with the calgary women's centre in this capacity, to support women and children in need. from local families, to furry friends, to spreading the gift of good hair - our goal is to keep the spirit of giving alive the whole year round. stay tuned for our next, hairy initiative < 3

SUMMIT SHOUTOUT

the hairitage studio

location: calgary, ab

owner: debbie mahony

📷 @hairitagestudioyyc @debbiedocious

the hairitage studio is a no drama, no diva space. just great hair, good laughs, and a team who genuinely loves what they do (and each other). we've got you.

what's your fave part about the beauty industry?

this is a big one..., for me, hairdressing is all about people. i love making clients feel good about themselves and being "the fixer" when things go wrong. whether it's repairing damaged hair, or restoring someone's confidence, nothing makes me happier than seeing that 'i love it' smile in the mirror!

if you could only take one product along with you on a night out, what would it be?

evo she-bang-a-bang texturizing spray! this gives movement and smells delicious - i always get compliments for the fragrance.

what's one quote that you love?

"life's too short to be serious all the time. so if you can't laugh at yourself, call me and i'll do it for you."

if your salon was a beverage, what would it be... and why!?

a sparkling rosé mimosa — bubbly, vibrant, a little bit glamorous, and guaranteed to leave people feeling lighter, brighter, and ready for a good selfie.

what's your fave part about the beauty industry?

the social aspect. we meet & treat all kinds of folks who share cool stories with us... some of them wild! i love the fact that what is simply a "routine treatment service" to us, is often the first time a guest has taken time for themselves in months.

if you could only take one product along with you on a night out, what would it be?

youngblood everglow lip oil in wild berry + living proof full dry volume and texture spray

what's one quote that you love?

you can be the juiciest, ripest peach in the world - and there's going to be somebody that hates peaches.

if your salon was a beverage, what would it be... and why!?

dill pickle caesar: refreshing, fun and makes you feel "full" when finished.
