the summit social

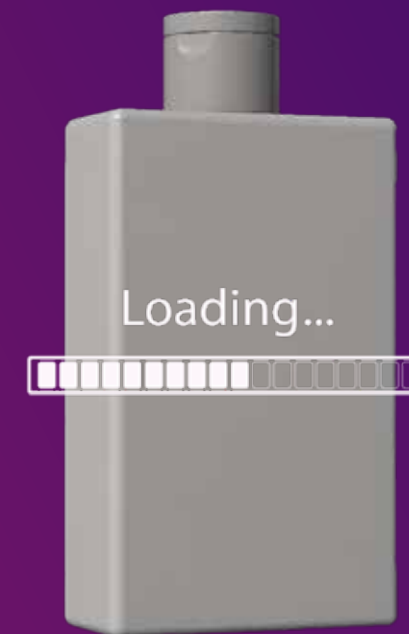

it's givesum season

cheers to the first of many upcoming community initiatives we have on the ol' docket. basically we're rotating between charities across the provinces we operate in, to support a variety of causes near and dear to us. this sep + oct for example we partnered with the calgary women's shelter to support women and children in need. from local families, to furry friends, to spreading the gift of good hair - our goal is to keep the spirit of giving alive the whole year round. stay tuned for our next, hairy initiative < 3

fall trends

strawberry wine.... but make it cherry...and then color your hair in that exact shade. next up is a new take on the infamous bob, with a sprinkle of volume and layers - now being referred to as, the Italian bob. and in comes a shaggy layered, textured, cowboy cut - for those of us who just can't get enough big city gal spotted stacking hay in the rolling hills of the countryside.... it's giving windswept!

sneak peek

we've been trying our best to keep a little secret over here but we we're too excited not to give ya a little sneak peek. we're launching a new brand in our luxury brand division, and we'll be ready to scream it from the rooftops. the news will be out in t-6-14 days, and look at that, bob's your uncle!

ready. set. shop...

hey edmonton! a brand spankin' new boutique is almost ready to open its doors... be there or be square... come hang?

mack's reflections + platinum hair design

location: estevan
owner: shelly mack
@macks_reflections @platinumestevan

what's your fave part about the hair and beauty industry?

there's so many! first, the fantastic relationship you have with your clients that become a part of your family. Second, seeing the smile on their faces when you finish their service.

if you could only take one beauty product along with you on a night out, what would it be?

air dry bb cream by goldwell - it removes all the flyaways and seals your ends at any time! fantastic product.

what's one quote that you love?

"remember how you were taught to do things, but it's OK to go out of the box and make it your own!"

if your salon was an alcoholic beverage, what would it be and why?

mack's reflections would be a mimosa: bright bubbly, fresh, compassionate, empathetic, free, spirited, spontaneous strength of beauty, and very refreshing! (like our amazing staff.)

our platinum location would be an espresso martini - we're always caffeinated, energetic, having a good time, and never settle for anything less than top shelf.
